HERTFORDSHIRE HEALTH AND WELLBEING STRATEGY UPDATE

Report of Director of Public Health

Author: David Conrad, CPH Evidence & Intelligence, Public Health
Tel: 01992 555391

1.0 Purpose of report

- 1.1 To update Hertfordshire Health and Wellbeing Board on the process in place to report performance on the delivery of Hertfordshire Health and Wellbeing Strategy 2016 -2020.

2.0 Summary

- 2.1 Hertfordshire's Joint Health and Wellbeing Strategy was launched at the Health and Wellbeing Board's annual stakeholder conference in June 2016. It is a statement of the Health and Wellbeing Board's vision and priorities for 2016-20, based on data from Hertfordshire's Joint Strategic Needs Assessment and engagement with stakeholders.
- 2.2 An appendix to the published strategy, outlining an action plan and performance indicators, was developed following feedback from the Board at its last development day and is attached as Appendix A.
- 2.3 Progress on achieving the objectives of the strategy will be monitored using online data dashboards and regular updates to the board on the outcome measures identified under each life stage.
- 2.4 Each of the strategy's four life stages has two overarching goals. Each of these eight goals has its own dashboard showing progress on a basket of key statistical indicators.
- 2.5 The strategy and action plan and the indicator dashboards can be viewed at: <http://www.hertshealthevidence.org/data/hwb>
- 2.6 It is proposed that a formal performance report is made to the Board at its public meeting every 6 months, with interim updates focussing on

particular themes or strategies if required at the Board’s development days. An annual report will be published to coincide with the Board’s annual stakeholder conference.

2.7 In addition the online dashboard and action plan will be live documents and regularly updated by the Public Health Evidence and Intelligence Team and monitored to reflect strategic developments across the system.

3.0 Recommendation

3.1 The Board is requested to agree the process for reporting on performance summarised.
