

HERTFORDSHIRE SAFEGUARDING CHILDREN TOPIC GROUP

The Recommendations of the Hertfordshire Safeguarding Children Topic Group are:

1.0 Recommendations

- 1.1. Further training is required to ensure that all partner agencies are aware of the Brook Sexual Behaviours Traffic Light Tool and embed its use; in addition the Board needs to be assured that this has been disseminated to all staff including HCC employees and elected members who have contact with schools or are elected governors.
- 1.2. That the review of the Hertfordshire Safeguarding Children's Board's effectiveness is shared with members of the topic group in January and the lessons learned, risks/impacts and mitigations will be reported to ISSC.
- 1.3. That the review being undertaken considers joint working by both Hertfordshire safeguarding boards and how inter-board working can benefit in identifying and supporting victims and preventing and educating perpetrators of Child Sexual Abuse.
- 1.4. That the lessons learned and actions implemented resulting from the Serious Case Review are reported to the ISSC.
